RE: Bostik Setting Materials with Mechanical Lippage Tuning System (MLT)

Bostik recommends the use of Mechanical Lippage Tuning system to assist in reducing or eliminating lippage on large format and thin porcelain tile installations. When using the MLT system and Bostik setting materials, please follow all manufacturer's recommended installation procedures, industry guidelines and information from technical data sheets. Refer to the most current technical data sheet for more detailed information regarding Bostik setting materials.

Bostik recommends the usage of the Mechanical Lippage Tuning (MLT) system in conjunction with the following setting materials:

Setting Materials:

- Bostik's ReFlex
- Bostik's StoneWall
- Bostik's Single-Flex Fast Set
- Bostik's Big Tile & Stone
- Bostik's Single-Flex
- Bostik's PM
- Bostik's Ditra-Set

The above products are included in Bostik Ceramic Setting Material System warranty which can be found on our website at www.bostik-us.com under the Resource Center.

If you have any questions, please feel free to contact us directly.

Sincerely,

A handwritten signature in black ink that reads "Chad Bulen".
